

ADMINISTRATIVE POSITIONS

The school district will have, in addition to the superintendent, administrative positions as recommended and approved by the board to carry out board policy and administer district programs.

These administrators will work closely with the superintendent in the day-to-day operations of the school district.

It is the responsibility of these administrators to uphold board policy, to instill a positive, cooperative environment with employees, and to share their expertise with each other and the board under the management team concept.
