

3D Shapes

3 dimensions

- a polyhedron is a 3D figure

Shape	Net	Sketch	Faces	Edges	Vertices
Cube			6	12	8
rectangular prism			6	12	8
triangular prism			5	9	6
square based pyramid			5	8	5

Faces - are the flat surface

Edges - the sides

Vertices - corners

net - a flattened 3D figure that can be turned to a solid when folded
