

Weekend Backpack Program 2019-2020

Dear Parents/Guardians,

The Western Dubuque Community School District is working to provide weekend backpacks with food to students during the 2019-2020 school year. This program is scheduled to begin with the new school year August 2019 and will continue through the end of the school year.

The Weekend Backpack Program is a free program that provides student-friendly, healthy food for students most in-need to eat over weekends and breaks when school meals are not available and there may be little or no food to eat. If the Weekend Backpack Program is something your family could benefit from, please complete the attached registration form.

Items distributed in the Backpacks may include cereal, canned goods, granola bars and pastas. As the program continues to be developed, bread, milk, and produce may begin to be included as well.

Students enrolled in the program can pick up their backpacks on Friday afternoon and will need to bring them back the following week to be refilled. Participation in this program will be completely confidential and students will be able to pick up and drop off their backpacks in a discrete location.

This form is due to office by September 3, 2019 to receive food for the first distribution, but students can sign up at any time throughout the year. If you are in need of food after the first due date, please pick up a form in the main office or call (563) 876-3442 x3063.
